

SYLVANIA UltraLED™ Linkable Work Lights

Discover the missing links for job site safety

Safety and performance are critical on the job site, which is why SYLVANIA UltraLED Linkable Work Lights are the perfect solution for illuminating any construction area. When job sites demand the best in safety, demand SYLVANIA UltraLED Linkable Work Lights. These versatile and durable lamps are ideal for indoor construction and job site applications where traditional HID and fluorescent technology need to be replaced. Linkable in up to 48 strands, these lights are designed to integrate and pair with existing SYLVANIA UltraLED Linkable Work Lights.

Benefits and Features

- An IP65 rating ensures a robust and durable product
- High CRI when compared to traditional technologies
- Yearly usage of each strand is as low as \$3.01 (based on .11 cents per kilowatt)
- Linkable (up to 48 strands)
 - The product links via the waterproof connector located on the end of each strand
- Title 20 compliant and listed on the CEC QPL
- Designed to integrate and pair with existing SYLVANIA UltraLED Work Lights
 - Provides holistic lighting for construction applications
