LEDVANCE

POWER THROUGH LIGHT

A close-up photograph of a woman with dark, curly hair and large hoop earrings. She is holding a glowing light bulb in her hand, which is in the foreground and slightly out of focus. The light from the bulb illuminates her face and hair, creating a warm, golden glow. The background is dark and blurred.

A STRONG PARTNER IN THE LIGHTING INDUSTRY

LEDVANCE is a prominent player in the lighting industry, known for its innovative lighting products and smart, interconnected lighting solutions. CEILING LUMINAIRES

With high quality materials and versatile design, our wide range of ceiling luminaires will take the atmosphere in your home to a whole new level. A long lifetime, energy efficiency and excellent style are just some of the many advantages of our products. Whether direct or indirect, our ceiling luminaires perform at their best.

Plus, depending on the luminaire type, they are intelligent too: you can control your ceiling lights via app or voice control from nearby or far away, subtly or colorful but always in exactly the right mood.

SMART⁺ WIFI PLANONTM FRAMELESS SPARKLE

Transform your room into a sparkling night sky. Experience customizable white light, enchanting glitter effects and intelligent control for a truly unique lighting experience.

- Ideal light: Adjustable white light ranging from 3000K to 6500K for personalized lighting. The panel light is also dimmable.
- Wow effect: The panel light has a glitter and evokes the imagery of a starry night sky.
- Smart control: Easily managed via SMART⁺ WiFi remote, smartphone app, or smart speaker. Compatible with Alexa, Google and others. It can also be operated by a light switch.
- Long life: The panel light has a long life of up to 30,000 hours, this luminaire emits a brilliantly bright light while being energy-saving.
- IP20 protection: Suitable for living rooms and studies, offering finger protection for live components.

A man in a dark green hoodie and dark pants is walking down a modern staircase with a curved wooden handrail. He is smiling and looking towards a woman who is standing on a higher level of the staircase, also smiling. The staircase has a minimalist design with metal railings and wooden handrails. Two warm, glowing wooden wall sconces are mounted on the white wall, casting a soft light. The overall atmosphere is warm and contemporary.
